

SUPPLY LOW

Considering the Season of the Year the Situation at the Waterworks is Alarming.

Peculiar Season, Failure to Put Down Additional Wells and Reckless Consumers the Cause.

Rushville's water supply is low and the situation is almost alarming.

Owners of property are apprehensive of a big fire, and a scarcity of water to fight it.

Several times last year, practically the same conditions existed, but it was considerably later in the season and did not seem so serious.

The condition became most critical yesterday morning when there remained only four feet of water in the reservoir. The supply was cut off entirely for a time however, and has been kept very low ever since so that the tanks lacked only a little more than a foot of being full this morning.

Only twenty-five pounds pressure was put on this morning, so that the water is not being used any faster than it comes in now. This plan will probably be followed to keep the tanks full.

The city now has six wells, but some of them do not contribute largely to the supply, only being fifty or sixty feet deep. The best well is on the west side and a steady stream was coming from it this morning.

The deep well, which comes in near the corner of the building is 390 feet deep and at one time furnished the entire supply for the city. It is still a good one. There is a prevailing opinion that all of them ought to be as deep as this one.

The water is brought to the surface out of these wells by means of an air lift. The parties in charge have done all in their power to give the people a good service and to keep the tanks full, but with the increasing demand, scarcity of wells and waste of water are unable to do so.

That the council ought to take some action in the matter is the opinion of all. New wells should be put down at once, and during the time the supply is being increased, the consumers should be restricted as to the amount used, and the police force should pass over the streets, notice whether or not the privileges are being abused, and if contract rules are violated, turn the water off.

Let the citizens of Rushville act together now and get out of the present difficulty without suffering any great loss of property and perhaps life, so commonly resulting from scarcity of water. In other words, let the supply be increased as rapidly as possible, but in the meantime, use what we now have judiciously.

Couldn't Understand It

A traveling man at a hotel recently found a hair in the honey. He went to the proprietor and kicked. "I can't help it," said the latter. "I bought it for combed honey." The next day at dinner he happened to run across a small hair in the ice cream and the landlord could not account for it. "The ice is shaved," he said. The guest was boiling, for the next day he picked a raven hair out of his portion of pie, and angrily jerked up the proprietor; who turned him down effectually as "Well, that beats the Dutch! I bought those apples for baldwuns."—Ex.

City is Growing.

L. M. Boland is today running down or compiling the names for his city directory ready for the printer. He had compiled the letter A at 2:30 o'clock and found he had of that letter, 141 as against 98 in the directory made by Mr. Jarvis three years ago. True Mr. Boland takes names of persons younger than did Mr. Jarvis, but making due allowance for this there is a clear indication that the city has grown from 17 to 20 per cent. in the last three and one-half years.

BOTH HAVE RETURNED

Neither Have Explained Where They Spent the Time.

Rev. Elwood Ellis, the minister of the Friends' church at Richmond, and Miss Bessie Slick have both returned to their homes. They have been missing for ten days.

The minister went at once to his home, where he has remained in seclusion since. The woman who was formerly employed as a domestic in the Ellis home, was driven in a cab to her home and the members of the family denied admission to newspaper men who called to interview her.

During his absence the minister has greatly changed in appearance. The beard he had worn since he first came to Richmond had been shaved, and his face is thin and pale. It is said by friends of the family, who called at the home today, that he has aged considerably in the short interval since his disappearance and he appears quite feeble.

It is said that the Rev. Ellis came from the west on an Indianapolis train and that Miss Slick came from Cincinnati.

The police have quit further investigation. It is thought that Ellis will not resume his place as pastor in that city.

QUARANTINED

Man Not Sufficiently Recovered from Small Pox Detained by Board of Health.

The Board of Health was notified Saturday that there was a man afflicted with smallpox in Center township.

Dr. Frank Green immediately started out for the place to make an investigation. He found that Sam Wagner, of Clinton, Tenn., had been admitted to a pest house in that city six weeks ago for smallpox, and that three weeks since he was released by the authorities there.

But on inspection by the doctor he decided that his condition was not safe to public health as parts of his body were yet scaling off.

The unfortunate man was placed in a tent one-half mile west of Scott's school house in a thick woods, where he will be cared for, and will be in contact with no one. He is quarantined and will be retained until all danger is passed.

The man said on being released that he "bummed" his way to this county from Tennessee, for the purpose of seeing his brother, who resides in the north part of this county.

It is thought by the quick action of the Board of Health, that the public is now free from danger of contagion.

Asks Pops to Return

Milton Parks, Populist chairman of Texas, has issued an appeal calling on former Populists to withdraw again from the Democratic party. He says:

"Eight years ago the Populist party, with its bold plea for justice, assumed formidable proportions. Then came the fatal and withering embrace of the Democratic party. With a vacillation and insincerity only possible for the Democracy, that party has now completely reversed itself, and in its haste to secure the support of capital and campaign fund, it out-Hannas the Republicans. It is trying to outbid the Republicans for plutocracy's favor. "Populists, it is up to you. Let every true man start in with an energy before unequalled for all up the Populist vote in November. The Populist party is now the only party that stoops so low as to appeal to the common people."

Overcome by Heat.

James Davis was overcome by the heat at noon today at his residence on North Willow street. He had just pulled up to the barn with his dray when he succumbed to sun stroke. He was taken to the house and Dr. Frank Green called. Mr. Davis at 4:30 this evening was reported much better. The case is thought not to be very serious.

WERE SHUT OUT

Rushville Team Meets Defeat at the Hands of Connersville.

Could not Connect with Goar's Benders Safely at Right Time.

The game between Rushville and Connersville, yesterday, was a great disappointment to the 150 fans who went over from this city to see the home team win.

The local team was unable to connect with Goar's curves safely at the right time and could not score though they had two or three chances. Morgan Pearsey and Wagner, who always lead the batting, were the only ones to connect safely with the ball. The rest of the team were pounding it, but always drove it into some player's hands.

The weather was extremely hot, but it did not mar the interest of the vast throng that attended.

In Connersville's half of the second, Becker was hit in the back by a pitched ball, stole second, was advanced to third on Thomas' out and scored on Carter's error.

In the fourth, Connersville passed three men over the plate on a terrific batting streak, which was hard to stop. Becker was again hit in the back by a pitched ball, took second on passed ball and scored on Thomas' double. Thomas drew a double and scored on Lehr's triple, Lehr tripled and scored on Lindsey's double. Goar made an easy out and as Florea and Bosler had gone out before, the agony was ended.

Connersville did not score again until the eighth, when Bosler was struck by a pitched ball, took second on Lehr's single and scored on Herald's error.

It was simply a case of hard luck. Goar was it.

The two teams lined up in the following order:

Rushville—Wagner, p; Pearsey, 1b; Volmer, 2b; Carter, ss; Herald, 3b; Morgan, c; Bevis, lf; Kiser, cf; Yazel, rf; Catt, sub.

Connersville—Goar, p; Bosler, c; Thomas, 1b; Florea, 2b; Lindsey, ss; Lehr, 3b; Hassett, lf; Feigert, cf; Becker, rf; Row, sub.

The tale of woe:

1 2 3 4 5 6 7 8 9—R.H.E.

Rushville—0 0 0 0 0 0 0 0 0—0 3 5

Connersville—0 1 0 3 0 0 0 1 x—5 8 4

Earned runs, Connersville, 2; three-base hit, Lehr; left on bases, Rushville 6, Connersville 2; two-base hits, Pearsey, Thomas, Lindsey and Feigert; struck out, by Wagner 6, by Goar, 8; double play, Herald to Pearsey; passed balls, Morgan 1, Bosler 1; hit by pitched ball, Becker 2, Bosler. Umpire Quinn. Attendance, 2000. Time of game, 1 hr. and 40 min.

TODAY'S GAME.

RUSHVILLE 5 GREENSBURG 11.

If any of the fans ever hoped to see Rushville win today's game, they suffered another disappointment.

Hits, errors, sacrifices, mistakes, blunders and many cases of bad judgment came thick and fast, and while it is true that Rushville did not monopolize it by any means, they could not manage to keep up the pace as the score of eleven to five would indicate.

The two teams lined up as follows: Rushville—Uhl, 1b; Morgan, c; Carter, ss; Bevis, lf; Herald, 3b; Wagner, rf; Volmer, 2b; Kiser, cf; Fisher, p.

Greensburg—Pearson, 1b; Conklin, 3b; Firestone, 2b; Braden, ss; Condiff, cf; Barnes, lf; Waybright, rf; Bertie, c; McLeod, p.

The game started off pretty well but the big fellows from the city with the tree on the tower began smashing the ball in the second inning and after the things were "doing" continually.

The features of the game were the bunching of hits and the poor base running and weak playing of the home team.

Rushville seems to have hit the to-boggan and got into a slump from which they seem unable to recover.

Fisher retired from the firing line in the seventh, but Yazel who suc-

ceeded him fared but little better and the terrible onslaught continued.

Score by innings:
1 2 3 4 5 6 7 8 9—R H E
Rushville—0 0 1 0 0 0 0 4 0—5 10 3
Greensburg—0 3 0 0 4 0 1 1 2—11 15 3
Umpire, Yazel. Attendance, 700.
Time of game, 1 hour and 50 minutes.

NOTES ON THE GAME.

Umpire Quinn dished out a square deal with the exception of a couple of rank decisions which were evened up and which were of little consequence.

The nearest Rushville came to scoring was in the eighth, when Yazel, after Kiser struck out, got to first on an error by Florea, took second on another error by Florea, and went to third on an error by Lehr. Carter, the next man up, went to first on Florea's error and took second on Lehr's error. Morgan came to bat and struck out, then Pearsey went out on a grounder to first, making the third out. Rushville had another chance in the first inning after two men were out, when Pearsey and Bevis died on third and second respectively.

Rushville never fails to draw a crowd whenever they go to Connersville and it is to be hoped that the crowd next Sunday when Connersville comes here will be as large.

Rushville people should learn to root when the team is losing and not necessarily when the team is winning.

The crowd in left field in front of the west grand stand kept Bevis and Morgan from making two good put outs at critical times. People should be kept out of the field on any ball grounds.

SOMETHING ABOUT HEAVEN

Minister Tells About The Prospective Inhabitants of the Promised Land.

The pastor of the Advent Christian church at Aurora, Illinois, preached a sermon Sunday night and took the ground that Heaven will be this earth purified.

"Among the birds the dove will be there; it is an emblem of purity and the Holy Spirit and was the messenger of Noah in the ark. All people who cherish purity, the guidance of the Holy Spirit and who carry the gospel message to the unsaved will be there.

"The class represented by the mule, the skunk and the goat will never see the inside of the kingdom of God.

People who are always stirring up strife or butting against every new proposition are favorable candidates for the other world.

"While the mule is known for his kicking propensities, he has other misfortunes that will forever bar him from entering inside the pearly gates.

He is extremely stubborn as some people are. He has great long ears and hears things a long ways; they are big too; they hear all the news; some people are afflicted like mules; it is a worse disease than the leprosy of olden times. People who have such a disposition will be doomed to eternal punishment.

"There will be no foxes or dogs there; they are too sly and treacherous. Modern politicians are sly foxes, ready to pull any wire, stoop to any scheme. Cross husbands snarl and growl like dogs; they will need sweetening up if ever they join their angelic wives in the better world. The bill of the duck is too long to be accepted; he is sticking it into everybody's business, meddling, a busy body; he loves to gossip. There will be no buzzard there, for there will be no carcasses for him to prey on. People and writers who love scandal as a sweet morsel under their tongue are buzzards. Friends have your human nature changed by the converting power of God and get cleaned up for heaven."

The Danish state railways have recently bought 4,000 tons of German coal. It is said, however, that the German coal will not prove a formidable competitor of the English because of its smoky nature.

The Montgolfier balloon, which made the journey from Paris to Rome on December 2, 1804, the day Napoleon was crowned by Pius VII, has just been found in one of the storerooms of the Vatican.

STICKING POINT

Packer's Strike Negotiation Halted by Reinstatement Question.

Packers Say They Will Not Recede from Position Maintained in Last Week's Coufab.

Chicago, July 18.—There is little if any change in the situation of the meat packers' strike today. With Michael Donnelly, the strikers' leader, in St. Louis looking after that end of the difficulty, there has been no effort here to renew the peace negotiations which lasted through three days last week and were terminated Saturday night without results. Whether another attempt to reach an adjustment of the controversy by arbitration will be made is problematical, as the packers, believing they had the better of the argument in last week's conferences, are little inclined to offer any concessions to the strikers. One thing is certain, the packers say, they will not recede from the position they assumed in last week's conferences and that the strikers will have to conform to the employers' ultimatum before any further peace plans looking to a settlement by arbitration will be successful. To add to the packers' determination to stand firm is the fact that they have steadily increased their working forces at the plants by the employment of outside workmen, until today it is said that things are in almost normal condition at several of the plants. Under these conditions the packers have assumed a more independent attitude and are more determined than ever that they and not the strikers shall dictate the terms on which the controversy shall be arbitrated. As the strikers declare that they conceded every point possible in last week's negotiations, there is little likelihood that any further conferences, for the present at least, would amount to much toward a satisfactory settlement of the strike.

The sticking point to the whole question of arbitration is the reinstatement of the strikers.

Strike Breakers Mobbed.

Chicago, July 18.—In an attack Sunday afternoon on four colored strike breakers by a mob composed of spectators at an amateur baseball game in the vicinity of the stockyards, two white men, one policeman and the four strike breakers were severely injured. Revolvers and knives were used and three of the injured men are in a serious condition.

Sioux City War Measure.

Sioux City, Ia., July 18.—For their protection in case of an attack by strikers, the Cudahy Packing company has distributed revolvers among all its non-union employees.

Plain-Clothes Man Killed.

New York, July 18.—After shooting William Gorriey and Alonzo Dorando of Manhattan, during an attack made upon him last night by a crowd of men at Schurer's picnic park at Corona, L. I., Charles Conran, a detective on duty in citizens' clothes, sought refuge under a dancing platform, and was there shot and killed by Police-man John P. Gerrity. Conran's fight with the crowd had caused a call to be sent in for police reserves, and when they arrived several in the crowd told the officers that the man who did the shooting was under the platform. Nothing was said about Conran being a detective nor of his having shot in self-defense. Gerrity crawled under the platform and ordered Conran to come out. Receiving no answer, he fired and Conran was instantly killed.

Serious Mine Fire.

Oreville, Cal., July 18.—Fire at the Bellville mine near LaPorte destroyed the mill, engine rooms and other buildings close to the mouth of the tunnel. A huge pile of lumber lay close to the mouth of the tunnel and this caught fire. Four men were working in the tunnel when the fire broke out and fears are entertained for their safety.

The German Emperor once designed a pack of playing cards, the faces representing various notables. The Kaiser himself was the king of hearts.

IF OGBORN'S WILLING

Henry County will Give Fayette a Chance to Beat Him.

The Henry county Republican committee met at New Castle Saturday to make arrangements for the primary on the 30th. Miles K. Moffit, of Connersville, formerly Republican district chairman with the chairman of the Fayette county Republicans appeared and appeal to the committee to allow them to place the name of their candidate, E. E. Moore, of Connersville, on the ticket at the Henry county primary on the 30th, as it will be put on the Fayette and Union county ticket at the primary; Senator Ogborn's name would then be put on in the other two counties. In this manner the people of each county would vote for both candidates for Senator and whoever received the most votes in all would be the nominee.

Inasmuch as the convention had declared that the delegate vote of the county should be cast for Senator Ogborn, the committee felt that it would exceed its authority if it made this change, and at the request of Mr. Moffett decided to leave the matter with Senator Ogborn.

Mr. Ogborn could not be seen Saturday, but he will scarcely trade off a sure thing for a chance, no matter how good that chance might be. To the man up a tree it looks like a Henry county victory.

A Boy and a Gun.

Jackson, Ky., July 18.—Edward Cox, the eight-year-old son of Dr. B. D. Cox, who was assassinated two years ago, accidentally shot and killed his four-year-old brother Tom, Sunday. The ball passed through the head. Edward was playing with an old rifle which belonged to his father and had not been discharged since the latter's death.

Chicago's Hot Sunday.

Chicago, July 18.—Sunday was the hottest day Chicago has experienced in three years, and three deaths and a score of prostrations was the result. The maximum temperature of 94 degrees beats any record in the weather bureau since July 21, 1901, when a temperature of 103 degrees was recorded.

Lived 107 Years.

Mexico City, July 18.—Rufino Lopez of Irapuato is dead at the age of 107. He was in fair health almost to the day of his death, and his faculties were unimpaired. He leaves large properties and a great number of descendants.

Two Drowned in Creek.

Meadville, Pa., July 18.—Isaac Barnett and William Stafford of Cleveland, Ohio, were drowned while bathing French creek Sunday.

Save the water.

There are some consumers of water
that ought to pay for it by meter.

Sprinkle the streets lightly, a little
dust is better than a big and disaster-
ous fire.

Of course we ought to have more
wells, but now that we haven't got
them save the water.

The city council should have put
down more wells, but they did not.
Now that the need of them is more
glaring than ever before, will the
present council act?

We are in danger of a water famine.
There are two separate and distinct
causes for the present condition. The
first is, that while the city council
have been constantly warned of the
needs of additional wells, no effort has
been made to procure them. With
the greatly increased number of con-
sumers the need of more wells must
have been plain enough to the council
and some action should have been
taken in the matter. The other reason
why the supply is short is the ridicu-
lous and almost criminal use of the
water, by consumers. Paying as they
do, for lawn and street sprinkling un-
der a flat rate, the abuse of the priv-
ileges is glaring, many of the consum-
ers having no regard or respect for the
contract, rules or regulations. Yester-
day when everyone must have known
that the water supply was almost ex-
hausted and many of the persons on
the hill had no water whatever, the
streets of the city in some places were
sprinkled until they were disagreeably
muddy. The fact that the consumer
is entitled to a service for which he
pays is not denied. Had the water
supply been furnished by a private
corporation like the natural gas, the
"kicks" yesterday would have been
much more vigorous, and the man-
agers would have come in for a good
amount of abuse, and they would
have been forced to immediately begin
the drilling of more wells. The ser-
vice by the city should be as good as
if owned by a corporation, and the
council should immediately take some
action in the matter, lest some disaster
such as the wiping out of several
squares by fire should occur, and yet
those consumers who have abused their
privileges and wasted the water would
be equally responsible for lack of wa-
ter in case of such an emergency.

A TIRELESS BODY

Congressional Committee Has Its
Hands Full During Campaign.

Indianapolis, July 18.—Congressman
Jesse Overstreet of this district will
leave Wednesday or Thursday for
New York to join Chairman Babcock
of the Republican national congress-
sional campaign committee of which
he has been the secretary for the last
six years. Headquarters are to be
opened in the St. James building at
Twenty-sixth and Broadway at once.
The immense amount of detail work
in connection with this committee is
not generally known. Mr. Overstreet
says he has been working it out since
the first of April. He refuses to make
any predictions as to how the con-
gressional districts in this state will
go further than that he expects the
Republicans to carry the nine they
already have and possibly the Twelfth.
It seems that he has the popular
idea now among the Indiana
Republican leaders that they can take
the Twelfth away from the Democrats.
Any way, it is very likely that they
will make a battleground of the
Twelfth. Mr. Overstreet's interests
here will be cared for by Chairman
Smith of the county committee, A. A.
Young, collector of customs, and sev-
eral others who are his closest
friends.

Congressman Jesse Overstreet, sec-
retary of the Republican national con-
gressional committee, revealed a
little of the routine the big campaign
committees undergo, in an interview
given out here. For instance he con-
tradicted the popular idea that the
congressional committee is a portion
of the national committee. The two,
he said, are entirely independent of
each other. He said that the con-
gressional committee has more detail
to look after. According to him the
national committees do not pay close
attention to every state. They simply
go at it by a process of elimination,
leaving out the states which they con-
sider absolutely Republican or Demo-
cratic. For instance, neither national
committee will pay attention to
Pennsylvania or Texas. The former
is Republican beyond question and the
latter Democratic. The national com-
mittees simmer matters down to those
states that are doubtful and concen-
trate their efforts in them, working
through the national committees, so it
is generally the case that but six or
seven states are under supervision.
With the congressional committee it
pays attention to those districts that
are regarded as doubtful, it being re-
alized that there is not much use to
make a fight where there is a big ma-
jority for either party.

John Worth Kern of this city, late
Democratic candidate for governor, is
probably the first Democrat in Indiana
to receive an invitation to visit Judge
Parker at Esopus. The mystery of
his whereabouts was cleared up today
when it was stated that he had cer-
tainly gone to Esopus to have an in-
terview with the Democratic presiden-
tial nominee. Kern was one of the
last of the Democratic leaders in In-
diana to cut away from William Jen-
nings Bryan, but he seems to have
been the first to be recognized by the
new leadership. He was, by the way,
the original Parker man in Indiana,
for nearly two years ago on his re-
turn from a visit to New York he
came out in a strong interview boost-
ing Parker for the nomination and
picking him out as the man on whom
the party could unite. It was sup-
posed at first that he was bound for
New York as a courier to inform Par-
ker of Taggart's ability and services,
but it is said that Taggart firmly ob-
jected to him going there for the pur-
pose of talking over his qualifications
and claims on the chairmanship.

The final touches are being given
to one of the hardest fights in the
history of the county. Today there
were many conferences among the
local Republican leaders over the
plans for the primaries Wednesday
and convention Thursday for the pur-
pose of nominating Republican candi-
dates for the legislature. The impor-
tance of gaining a foothold here is
generally recognized by the men who
aspire to succeed Senator Fairbanks.
The county has twelve votes which
may decide who the lucky man will
be. Captain Harry S. New is still the
bugaboo to the plans of those who are
figuring on the delegation for some
other candidate. The movement to
instruct the delegates for him is gain-
ing ground, and if a resolution of that
kind is issued it may knock out the
carefully laid plans of some of the
candidates. Whatever is the outcome
the fight will be of intense interest
during the next four days to the poli-
ticians of the entire state.

Great Reservoir Went Out.
Scottsdale, Pa., July 18.—The new
reservoir of the Citizens' Water com-
pany burst last night at midnight and
more than 300,000,000 gallons of
water swept down the valley, washing
out crops and wrecking buildings in
its path. It was discovered that the
dam was in danger of breaking and
messengers were sent through the val-
ley to warn the people of their peril.
Hundreds of lives were thus saved,
for a few hours later the whole valley
was under water.

Tangier, July 18.—Kaid Benhimaa,
chief of police, has been appointed
governor. General satisfaction is ex-
pressed over the removal of the late
occupant of the governorship, which
was one of Raisuli's stipulations.

Washington, July 18.—Henry G. Da-
vis, the Democratic vice presidential
nominee, arrived here at noon Sunday
and at 1 o'clock left for New York

NEW COMPLICATION

Russian Guardship Holds Up
British Vessels In the
Red Sea.

BRITONS COMPLAINING

The Passage of the Dardanelles by
Volunteer Fleet Followed by
Acts of Violence.

Here Is a Situation Which May In-
volve Turkey In Far Eastern
Imbroglio.

Constantinople, July 18.—The Rus-
sian guardship Chernomorotz passed
through the Bosphorus from the Black
sea Sunday morning.

Aden, July 18.—The captain of the
British steamer Wai-Para reports
that the Russian volunteer fleet
steamer St. Petersburg signalled him
to stop by firing across the bows of
his vessel on July 15, while twenty
miles off Jebel Zugar, in the Red sea.

The Russians examined the papers
of the Wai-Para and declared that
they would hold the ship as a prize.
The captain protested and was taken
on board the St. Petersburg, where he
gave the Russian officers a guarantee
that there were neither arms nor am-
munition on board the Wai-Para des-
tined for Japan. The vessel was de-
tained for four hours and was then
allowed to proceed.

The captain confirms the report that
the Peninsular and Oriental com-
pany's steamer Malacca was seized in
the Red sea July 16 by the St. Peters-
burg on the ground that she carried
arms and munitions of war for the
Japanese government.

Britons Resent Molestation.

London, July 18.—Almost without
exception the newspapers today com-
ment upon the Russian volunteer fleet
steamers passing the Dardanelles, and
the government is urged to take ac-
tion, especially for the protection of
British commerce in the Red sea and
neighboring waters. The Daily Tel-
egraph, concluding an outspoken protest
written with traces of govern-
ment inspiration, says: "There is a
limit to complaisance when neutral
commerce under a British flag is mole-
sted in a way to which we have been
for a century and a half unused."

RUSSIA NOT WORRIED

She Evidently Has Decided Her
Course in the Red Sea.

St. Petersburg, July 18.—The news
that the Russian volunteer steamships
Smolensk and St. Petersburg, now
cruising in the Red sea, are stopping
ships of neutral nations and search-
ing them for contraband of war is
causing the liveliest interest in all
circles. Russia has evidently weighed
the question, believes herself to be
within her rights, and neither fears
nor anticipates international compli-
cations. Indeed, some of the powers
may have been sounded by Russia on
the subject. Nevertheless, foreign
opinion is awaited eagerly and more
or less criticism is expressed. Mem-
bers of the diplomatic corps are keenly
anxious to ascertain the views their
governments will take of the passage
through the Dardanelles of these ves-
sels of the volunteer fleet as mer-
chantmen and their subsequent con-
version into ships of war. The gen-
eral view in diplomatic circles, even
where sentiment is not particularly
friendly to Russia, is that while the
passage of the Dardanelles might be
considered a piece of sharp practice
on the part of Russia, it is an accom-
plished fact and the powers will not
regard it as a violation of the treaty
of Paris, but will guard against its
repetition. The diplomats think
that some of the powers might insist
that henceforth all volunteer vessels
shall be considered as warships
within the meaning of the treaty.

An Official Report.

St. Petersburg, July 18.—Under date
of July 16 Lieutenant General Sak-
haroff reports that the chasseurs
are driving back the Japanese advance
posts southwest of Siakhotan and east
of Kanchi. The Japanese, the general
says, have reoccupied Koshinba. They
are still fortifying the passes between
Fenshui and Motiem. The Japanese
near Liao Yang have evacuated Se-
keyan and Yanlikan. The country
from Siaoosyia up to Sihp pass is free
from Japanese, but the pass itself is
occupied by a detachment of the Ja-
panese advance guard.

No Change in Situation.

London, July 18.—The papers have
dispatches from correspondents at
General Kuroki's headquarters which
bring the situation in the far East up
to July 16. All of the writers agree
in saying that the situation is un-
changed, but that the armies always
are in touch, that the Russians are
being strongly reinforced and that a
battle may be expected any day.
Slight skirmishes are reported to have
taken place on July 15.

Japan Voices Its Feelings.

Tokio, July 18.—The Jiji Shimpo in
an editorial expresses the hope that
Great Britain will see that Turkey
lends Russia no assistance by allowing

steamers of the volunteer fleet to pass
the Dardanelles. The Jiji Shimpo de-
clares that Great Britain is bound un-
der the terms of the Anglo-Japanese
alliance to prevent such assistance
being given.

No News at Chefoo.

Chefoo, July 18.—No craft has ar-
rived here from Port Arthur for sev-
eral days past. The Japanese consul
at this port has not received any in-
formation of any nature for four days.
The storm which has prevailed for the
past two days is abating.

A GOTHAM RAISULI

Is Said to Be Holding an Aged Lawyer
for Ransom.

New York, July 18.—Judge Dennis
Daniel McKoon, a New York lawyer,
has disappeared and the police have
been notified by T. W. Darby, a friend
and business associate, that he was
kidnapped in lower Broadway shortly
before noon on Friday last and is now
being held for ransom.

Letters have been received from
Judge McKoon, Mr. Darby says, ask-
ing that \$5,000 demanded for his re-
lease be paid. According to these
letters Judge McKoon, who is seventy-
six years old, met three men who had
arranged a business appointment with
him, on Friday and they took him to
a house, the location of which was
unknown to him, where he is kept a
prisoner. The letters, he wrote, he
would throw out of a window to a
boy who was passing.

New Era in Elkdom.

Cincinnati, July 18.—The grand
lodge convention and the reunion of
all Elks will continue here with elab-
orate programs for every day this
week. Tomorrow morning the grand
lodge will be opened in Music hall.
The business sessions of the grand
lodge will be important, as several
matters of consequence to the order
are to be decided. Grand Exalted
Ruler Fanning of Indianapolis says
the reunion this week will mark a
new era in Elkdom.

Rate War to Terminate.

London, July 18.—Unless unexpec-
ted obstacles are raised by the rep-
resentatives of the steamship lines at
the further conference to be held with
the president of the board of trade,
Gerald Balfour, the emigrant rate war
will be settled within a few days.
This means that the \$10 rate will im-
mediately be abandoned and that emi-
grants bound for America must pay
\$27.50—the rate charged before the
struggle began.

Opened Up With Fireworks.

Pittsburg, July 18.—With a display
of fireworks surpassing that on the
Fourth of July the Homestead Steel
works started operation in full last
night, with the employees working
double time. The plant has been op-
erating only about half time for the
past year. By the starting of the mill
at its full capacity 7,000 men will
have steady employment.

A Race War Threatened.

Evansville, Ind., July 18.—At Steph-
enspoint, Ky., last night Frank Blaine,
a white man, was stabbed in the
throat by an unknown negro and will
die. A mob gathered and when the
negro tried to escape he was shot to
death. Feeling is strong against the
negroes and many of them are being
driven out of town.

Dropped Dead at Mass.

New York, July 18.—Very Rev.
Stephen Kealy, provincial of the Pas-
sion Order in the United States,
dropped dead Sunday while celebrat-
ing mass in the St. Michael's chapel
of the monastery of the order at West
Hoboken, N. J. He was stricken with
apoplexy and fell on the altar steps,
dying immediately.

Girl Located in Kansas.

Marion, Ind., July 18.—Prudy Klise,
aged fourteen, who has been missing
from Marion for four weeks, has been
located at Neodesha, Kan. She is
said to have eloped from Marion with
a street fakir. She is the first of the
four girls who mysteriously disap-
peared about the same time to be
located.

Grandstand Collapsed.

Cleveland, Ohio, July 18.—Two hun-
dred people were hurled to the ground
Sunday by the collapse of a stand at
Brighton Park, a suburb of this city,
during the progress of a ball game.
Ten persons sustained broken legs or
arms, while a number of others were
otherwise bruised and cut.

A Dozen Were Injured.

Dallas, Tex., July 18.—Nearly a
dozen were injured, Thomas Grey,
baggage man, dangerously, in the de-
railment of a northbound passenger
train on the Paris-Cleburne line of the
Gulf, Colorado & Santa Fe railroad
nine miles south of here, Sunday.

A Far-Reaching Order.

St. Petersburg, July 18.—The sys-
tem of condemning political prison-
ers by administrative order has been
abolished by imperial decree, and per-
sons accused of political crimes
henceforth will be tried by the courts
under the regular procedure.

Crackmen Loot Postoffice.

Calhoun, Ga., July 18.—The post-
office safe was blown open by un-
known parties early Sunday morning
and about \$200 in money and \$600
worth of stamps taken.

A \$200,000 Blaze.

Montgomery, Ala., July 18.—Fire
Sunday completely destroyed the
plant of the Alabama Rift Flooring
company, entailing a loss of \$200,000,
only partly insured.

SEVEN BARKS

Is not a new, untried remedy. It
has been on the American market
for more than 30 years. It is the
most popular household remedy
known. Why? Because it is gen-
uine, honest, powerful, thorough,
harmless, quick in action and easy
to take—the doses are very small.

CURES

CHRONIC DYSPEPSIA.

Mrs. Mary J. DeGross, of New York
City, in a voluntary letter to Mr.
Lyman Brown says:

"For years I have been a chronic dys-
peptic. Have taken more kinds of medicine
than I can remember, but Seven Barks
has proven to be the best. The relief it gives
me is speedy and certain. I feel bright and
well after its use, the effect is so good."

We have thousands of equally as
complimentary letters.

SPECIAL OFFER. If you suffer from headaches,
kidney or liver troubles, bil-
iousness, dyspepsia or any of
the kindred ailments, buy a 50 cent bottle of
Seven Barks and try it. If the result is not
entirely satisfactory take the bottle back
and get your money. The druggist will
cheerfully refund it.

A WONDERFUL INVENTION.

It is interesting to note that fortunes
are frequently made by the invention of
articles of minor importance. Many of
the most popular devices are those de-
signed to benefit the people and meet
popular conditions, and one of the most
interesting of these that has ever been
invented is the Dr. White Electric
Comb, patented Jan. 1, '99. These
wonderful Combs positively cure dand-
ruff, hair falling out, sick and nervous
headaches, and when used with Dr.
White's Electric Hair Brush are posi-
tively guaranteed to make straight hair
curly in 25 days' time. Thousands of
these electric combs have been sold in
various cities of the Union, and the de-
mand is constantly increasing. Our
agents are rapidly becoming rich selling
these combs. They positively sell on
sight. Send for sample. Men's size 15c.

Notice to Non-Resident.

STATE OF INDIANA, RUSH COUNTY, SS:
On Rush Circuit Court, September Term,
1904.

Robert F. Stanley
adm. of estate of
Nancy Stevens,
deceased
vs
John Stevens et al.

No. 9889
Petition to sell real
estate to pay
debts.

NOW comes said plaintiff by Smith, Car-
bern & Smith his Attorneys, and files his
petition together with an affidavit that the
defendants, John Stevens and William Stevens
are non-residents of the State of Indiana, and
are necessary parties to said plaintiff's cause
of action which is a petition to sell real
estate to pay debts of said deceased.

Notice is therefore hereby given said de-
fendants of the filing of said plaintiff's com-
plaint, and that the same is set for trial on
Monday, the 5th day of September, 1904, being
the 1st judicial day of the September term,
1904, of said Rush Cir. Ct. Court, which begins
on the 5th day of September, 1904, and that
unless said defendants appear, and answer
or demur to said complaint, the same will be
heard and determined in their absence.

Rushville, Indiana.

COUNTY NEWS

Mauzy.

Mrs. Ed. Noble lost one of her silver knives in the grove Sunday. Finder will please return the same.

Mr. and Mrs. Case, of Rushville came out in his big auto to Ben Davis creek church Sunday afternoon.

The Rally services at Ben Davis Creek church Sunday was a grand success in every particular. Everybody enjoyed themselves.

Otto McConnell's horse got tangled in the picket fence and fell down and turned over on its side, but did no damage except wrecking some of the fence.

Miss Frances Murphy is spending two weeks at the World's Fair.

H. L. Ludlow has some old relics; one is a calico dress that was worn by his wife's great grandmother, and is at least one hundred and fifty years old and is nearly as good as new. Another, is a Bible that was printed in 1698, and has cloth back and has buckskin strings to tie the book shut. The edges of the leaves are nearly black, otherwise the book is in good state of preservation and is printed in neat, clear type. He also has a flax-backle that is more than one hundred years old. The flax-backle and dress were made in Ireland. The Bible was printed in England, two hundred and six years ago.

Glenwood.

Friday, Saturday and Sunday were extremely hot days to be in a harvest field.

Mr. Reul Foster and family, of Marion, Ind., is visiting his mother and other relatives and friends. He has been a successful teacher in the schools of Grant county, but now he is a clerk in the Marion postoffice.

A motor cycle passed through our quiet town last Sunday morning and evening, scaring not a few horses. Some two or three automobiles also passed through our village.

Rev. Schronz, the Christian preacher of Orange preached in the M. E. church on last Sunday afternoon. His sermon was very practical and aggressive.

Mr. Reed and family called on Joseph Baker and family last Sunday. Rev. Cook, of the U. P. church, was

out to hear Rev. Schronz, of Orange. Harry Doughty made a short call on his father and brother last week.

Not a few Democrats are dissatisfied as to Parker and Davis. They say there is not any difference between the parties.

Rev. T. J. Anthony is making a visit at Laurel the fore part of this week.

We learn that quite a number of harvest hands nearly played out on last Saturday afternoon.

The officers of the State Camp of the P. O. S. of A. met with the Washington No. 2, P. O. S. of A. of this place on last Friday evening. The Sons report an enjoyable time.

M. H. Fielding attended church Sunday morning at the M. E. church. The Glenwood band will accompany the Elks of Connersville to Cincinnati, O., next Wednesday.

The weather is so hot as to affect the church services nowaday.

Mrs. Wm. T. Smith is visiting her sister at Lewisville, this week.

Mrs. Katie Mapes called on Mrs. Jas. Henry, of Orange, one day last week.

Fair Japan on the Pike.

The Pikers along the Pike have started out with the intention of making that amusement resort the most pretentious the world ever yet has seen, and from the reports which have been received from visitors to the Fair the most beautiful of all the Pike concessions is "Fair Japan." Here eight hundred natives of the little empire now so conspicuously before the public eye have congregated and have formed a village which from the standpoint of the unique and novel never before has been duplicated upon this continent—or in fact anywhere outside of the Celestial Empire.

The chief features of "Fair Japan" are the beautiful entrance, a replica in every detail of the famous Nikko Gate in Japan, the street in Tokio, the Japanese Theater, in which the Geisha Girls disport themselves for the edification of the public; the tea gardens and the ancient architectural structures which have been brought to the United States for exhibition purposes. All in all "Fair Japan" is a place more than well worth the seeing and all of those residents of this city, who visit St. Louis and pause before the sign of the Dragon, will not begrudge the small admission fee demanded for an exhibition, at the same time educational, beautiful and unique.

DOG FENNEL GAZETTE

Something About the First Newspaper Ever Published in Rush County.

Wanted—A copy of the Dog Fennel Gazette. It was the first paper published in Rush county. From what I can learn, it made its appearance as a little 10x12 sheet in September, 1822.

Wm. D. Wickham was editor and publisher. The top of the sycamore stump constituted the bed of the press—unique "power press." The medium through which the power was transmitted was a long pole—one end inserted in a mortice and adjoining tree while the hand of the pressman grasped the other. Mr. Wickham, like all newspaper men, was susceptible to the spirit of progress and after a few issues of the "Gazette," converted his press after the style of a cider press of that day. He was so delighted with the celerity of its operation, he called it "Wickham's Velocity Press."

Rushville now has two bright dailies and four weeklies. They are nice, clean, clear-cut papers, filled with news from the great social and political centers down to the personal gossip of every neighborhood in the county. Their entire make-up gives evidence that brain, steam and electricity are the powers, transmitted with exact nicety and precision.

It is worth while to go through the establishments, where these papers are made, from the editor's sanctum to the great press rooms, and contrast them with "Wickham's Velocity Press" of 1822.

Do we realize that we are living in an age in which blessings are fairly showered upon us and that even those in very humble circumstances have far greater advantages than were possible in those rugged pioneer days. Cease complaining and count your blessings, many of which have become such a matter of course that we no longer recognize them. Squeal the miserable croaker when he croaks out "the rich are getting richer and the poor are getting poorer." No one in this heaven-blessed country of ours is poor but the aged and the afflicted.

WM. J. DURBIN.

Fairview, July 15.

STATE NEWS

Jeffersonville, Ind., July 18.—Through the efforts of his sister, who hustled around and secured the signatures of twenty-two names to a remonstrance which had almost been abandoned as a failure, Edgar Biggs of Henryville was defeated in his application for a license to sell liquor in Monroe township, this county.

Henryville has long been a local option town, and as fast as applications for license would be made they were met and turned down by a blanket remonstrance. Biggs is a man of influence at Henryville and he had been working quietly, inducing signers of the remonstrance to withdraw their names, and he succeeded so well that the paper lacked twenty signatures of having enough to make it effective.

Miss Bertha Biggs, his sister, hearing of the brother's success, determined to thwart him, not because of any ill-feeling existing between them, but because she is an exponent of the white ribbon movement and did not wish to have it said that her brother was operating a saloon.

She took the defective remonstrance, made a thorough canvass of the township and by her persuasive powers succeeded in adding two more than the required number of names to make the paper effective.

THEY GAVE IT UP

Bedford Grand Jury Returns No Indictment in Schafer Case.

Bedford, Ind., July 18.—Without the least warning the grand jury, which spent most of last week investigating the mystery of the murder of Sarah Schafer, was called before Judge Wilson of Bloomington and discharged, without finding an indictment. Only four days had been devoted to the Schafer murder mystery. The work of the grand jury was not entirely in vain, however.

Indictments were returned against Dave Beasley and Henry Tow, charging them with murder in the first degree. An indictment was returned against Milt Tow, charging him with assault and battery with intent to commit murder.

All are principals in the Bryantsville tragedy of a few weeks ago, and the two first named are in the Bloomington jail, while Milt Tow is out under \$2,000 bond. The evidence against all of the men was direct and no trouble was found in reaching the agreement to indict all.

Another Fireworks Victim. Bluffton, Ind., July 18.—Ira Double

aged fourteen years, a Fourth of July victim living north of this city, is dead of his injuries. The boy purchased fireworks in Tocsin and deposited them in the legs of his trousers, which were held by bicycle pants' guards, and as he rode toward home sparks from the fireworks shot by boys in the village set fire to his fireworks and his entire body was horribly burned.

Prospective Purchaser Killed.

Hymora, Ind., July 18.—Albert Kerner, aged twenty-five years, was instantly killed Saturday evening by the accidental discharge of a revolver he was examining with the intention of purchasing. He called at Cumming's hardware store and Charles Van Arsdale, a salesman, was showing him the revolver, when it was discharged. The bullet struck Kerner in the breast and penetrated the heart.

The Deadly Live Wire.

New Castle, Ind., July 18.—Charles Caine, a Hagerstown Bell Telephone company's lineman, touched a wire which was in contact with a trolley wire, grounding the circuit through the tin work on the Jennings building. He was thrown from the second story to the pavement. Besides his burns he has many bruises. His condition is very serious.

Seriously Attacked by Cow.

Vincennes, Ind., July 18.—Mrs. William Bobe and three children, residing near this city, were attacked by a vicious cow. The mother's injuries are serious and the youngest child, one year old, may die.

Kicked Over Beehive.

South Bend, Ind., July 18.—A horse belonging to a rural mail carrier, Hugh W. Grant, was stung to death by bees, whose hives he had upset while his driver was eating dinner by the roadside.

Accepted the Reduction.

Anderson, Ind., July 18.—Tinplate mills here resumed operations today after a shutdown of several weeks. The men have accepted the 18 per cent reduction demanded by the manufacturers.

Low Rates to Boston.

August 12th, 13th and 14th, excursion tickets to Boston, account National Encampment Grand Army of the Republic, will be sold from all ticket stations on Pennsylvania Lines. For full information regarding fares, time of trains, etc., apply to Local Ticket Agent of those lines.

RUSHVILLE, IND., JULY 18, 1904

LOCAL BREVITIES

One hundred and fifty tickets were sold to Connersville over the C., H. & D.

Jesse Winkler has purchased the old John Woods farm of 92 acres from Edward Norris for \$8000.

Marion Mock has the frame work of his house on West Ninth street in position and began inclosing it today.

The Methodist congregation at Arlington are contemplating building a new church sometime in the near future.

The Pastor's Aid Society of the Christian church will meet tomorrow afternoon at the home of Mrs. Marion Mock.

Ed. Benedict will take his house moving outfit to Milroy tomorrow, where he has a house to move this week.

Contractor Kenner is making rapid progress on Hyman Schatz's new house, on West Third street. The roof is being put on today.

The annual reunion of the 161st Indiana Infantry, which was to have been held in this city on Sept 1st, has been changed to Sept. 22d.

Cincinnati was reported the hottest place in the United States yesterday, but that's because there's no government station at Connersville.

The new beer cooler built by the Indianapolis Brewing company on their lot just west of the C., H. & D. passenger station is now about complete.

The mill race is being drained this week, so that the workmen at the power house can finish the waterways which lead the water into the power house from the race and out again.

Shelbyville Jeffersonian: William T. Wilson has received notice of the allowance of an increase of pension in favor of William Wicker, of Rushville, at the rate of \$12 per month; former rate \$10 per month.

The Knights of Pythias will confer the third degree on four candidates tonight. The work will begin early and refreshments will be served at the conclusion of the ceremonies. Every member is urged to be present.

Speaking of the new teachers for Connersville, the News, among other things says: Miss Hortense Orago, although a resident of Connersville, has had all of her teaching experience in Rush county. She has specialized in primary work and has the honor of remaining in the same village school through a period of service unparalleled in length. She has in recent years availed herself of the summer terms at the State Normal and at present has all but completed the Sophomore year.

Johnson says

Those CIGARS are always good.

There is never any doubt about getting just the kind of a cigar you want from our cigar case. In the first place we buy nothing but brands that has stood the test of particular smokers. Then we have the variety in colors from light to dark cigars; last but not least, we keep our cigars right—just moist enough.

DRUGS F. B. JOHNSON & CO. WALL PAPER

William Kisner, who struck Ed. Wilmer on the head with a rock at Greensburg last week, from the effects of which the latter died, was given a preliminary hearing and turned loose, upon proof being made that the dead man was the aggressor.

The Ladies Aid Society of St. Paul's M. E. church will give a picnic in Frame's grove, east of town, Tuesday afternoon, July 19th. Those desiring to attend will assemble at the church at 1:30 as conveyances will be furnished for all. A cordial invitation is extended. Come with your baskets well filled.

Owing to the condition of the weather, the intense heat and the water famine, the local doctors fear that there will be an epidemic of fever in Rushville. There are already many symptoms of fever cases in town, and the health of the public at large is becoming bad.

Campaign buttons and caps are now appearing in Rushville. Some of the designs of both the Republican and the Democratic parties are very attractive. Rushville dealers in novelty goods expect that there will be a lively demand for them this year.

Horace Yergin, a popular young Democrat, of New Castle, has announced himself as a candidate for reporter of the supreme court. Horace is a nice agreeable young man, and we wish he was a Republican so that he would have some chance of success.

Hamilton Daily News: Michael Donlin, the Cincinnati left fielder, who was suspended by Capt. Kelley, is living on a farm near Jacksonboro, a village north of Hamilton. He is pitching hay as a diversion. He says he will never again don a Red uniform and would like to join the Philadelphia team.

Greensburg News: Greensburg is not the only town in Indiana that is suffering from a carnival of robbery. At Shelbyville on Thursday night four houses were robbed and a considerable sum of money and jewelry was stolen. Burglaries are more frequent at Shelbyville, if anything, than in Greensburg.

A large crowd will come up from Greensburg tomorrow afternoon to witness the game between Rushville and Greensburg. A special train will be run consisting of three coaches and it will leave Greensburg at 1:15 sharp, arriving in this city at 2:00. Stops will be made at all intermediate stations and it is understood that Greensburg will bring a brass band with them.

Mr. Swartz, who has been running the merry-go-round on West Third street for the past ten days, instead of going on to Knightstown this week, has decided to remain in this city. Mr. Swartz is on his way to the Midletown fair, which begins on the 26th of this month, and had intended to take his machine to Knightstown for a week's stand, but his business has been so prosperous here that he has decided to remain a week longer in Rushville.

Raymond Dyspepsia Tablets

HARGROVE & MULLIN

Guaranteed to Cure or your Money Returned

Dick Wilson is now at Detroit, Mich., with his string of race horses.

Lincoln Guffin and family entertained a large number of relatives yesterday at a family reunion.

Rev. Hackleman was entertained at dinner yesterday by the congregation of the Morgan Street Baptist church.

Mr. and Mrs. Watson, parents of Hon. James E. Watson, of this city, celebrate their golden wedding today at Winchester.

J. R. Beaty is very sick at his home in Circleville. He has had two strokes of paralysis and his left shoulder is somewhat affected.

The Arlington class of Diapason Singers held an old-fashioned singing at Arlington yesterday that was largely attended. Several people from this city were present.

Workmen along the traction line on Third street have about two city blocks of crushed stone in at the present time. The stone is coming in now at the rate of ten cars per day.

Paul Green is at home from California. He was exhibiting today a California flea, which was very large. The flea had on a full fledged suit of clothes and was encased in a box. It was dead however.

The Knights of Pythias will have work in the Third Rank on Monday evening with four candidates. The work will begin early, after which light refreshments will be served. A large attendance is requested.

Prof. Headlee's articles on "Rush County's Birds" will begin in the Daily Republican this week and in the semi-weekly on next Friday. We would advise teachers, pupils and other parties interested to watch for the first chapter and clip all of them.

Shelbyville Democrat: Governor W. T. Durbin, Charles L. Henry, John C. Wingate, E. M. Johnson, William Morrison, Louis Lathrop and A. Anderson, of Indianapolis, were in the city Friday evening and took supper at the Ray hotel. The men are all interested in the traction company and were just out on a pleasure trip.

Shelbyville Jeffersonian: A cloud-burst occurred Sunday afternoon between Weisburg and Guilford, and all west-bound trains on the Big Four railway were delayed several hours. Nearly 300 people of this city, who went to Greensburg to see the ball game, were compelled to remain in Greensburg while repairs were made to the one hundred and fifty feet of track that was washed out.

World's Fair Notes.

By Miss Alma Odair.

The Tribune crowd of 150 ladies create quite a sensation as we go through the Pike of an evening, piloted by one or two gentlemen. Everybody has some thing to say, remarks such as "Are there no men in Cincinnati?" "I'd hate to pay the bill for that crowd," etc. The girls answer back with more or less wit. They are a jolly crowd.

One can't distinguish the Hoosier from the Ohio girls, but the "You all's," from Kentucky are "shu nuff" recognized.

Go as you please through the day. In the evening we go in a party to all the pay shows; we miss nothing. This week have taken in Haganbecks, Galveston Flood, From New York to North Pole, Battle Abbey, Jim Keys, Hale's Fire Fighters, Ferris Wheel and shoot the chutes.

It is a unique sensation to be listening to a little Filipino trying to explain something, to realize that an old Turk, Chinese or greasy Esquimaux's face is over your shoulder with as puzzled an expression as your own, trying to understand or to have a pretty French maiden gesticulating and talking, your nose and eyes and not your ears telling you she wishes to perfume your handkerchief.

PERSONALS

—Frank Mull was at Manila on business today.

—Ed. Shoemaker spent Sunday in the Capital city.

—Mrs. Ed. James is visiting relatives at Muncie.

—M. C. Burt was at Manila on business this morning.

Reed, Will Bliss and Dr. Will Smith went over in Dr. Sexton's Elmore touring car.

To the Public.

We are grateful to the patrons who have contributed to the success of our 10 Day's Sale so far, especially on Saturday, and regret that the overwhelming rush prevented all from being served as we would wish. If any bought too hastily or were compelled to leave without procuring proper attention we would ask them to call and receive satisfaction and have their wants supplied.

The Silberberg Clothing Co.

When Honeymoons End.

The late Mrs. John Ridgway of Paris was noted for her ready wit. At one of her receptions apropos of marriage Guy de Maupassant said: "The honeymoon ends when the wife first asks the husband for money." "No," Mrs. Ridgway retorted. "It ends when the husband ceases to ask the wife how much he can have the pleasure of giving her."

Strengthened His Suspicion.

Hugh Miller in "My Schools and Schoolmasters" tells us that while he was making his first after dinner speech he began to suspect that he was making a failure of it. This suspicion was strengthened when he took his seat, for the band at once began to play "A Man's a Man For A That."

Considering everything it is my opinion the Inside Inn is the place to stop, for when you get too tired to take another step you can take the Intramural to the Inn, go to your room and rest up for the evening attractions. The expense is very little more.

Employment for Girl.

A girl either with or without experience in the printing business, can find employment at the Republican office.
